

Science

Across

5. Subatomic particle with a negative charge
6. Non-tented arch, loop and whorl are types
8. A type of science used to investigate crime scenes
10. Outermost layer of our atmosphere
11. Measuring system used worldwide
12. Popular modern scientist and science communicator
13. Means 1,000
14. Inventor of dynamite
16. Study of the Earth
18. The Earth's crust rides on this layer
20. An arm bone or measurement of part of a circle
22. A life saving drug nearly 100 years old
24. The ___ table
25. Classical scientist that didn't screw around
26. Many tired students learn this way
28. The standard that new inventions are compared to
30. Study of the heavens
32. Control center of living cells
33. "Nothing is better than reading and gaining more and more knowledge."
35. Studies human history and prehistory through excavation
39. "If I were not a physicist, I would probably be a musician."
41. Rain clouds
42. God of War and 4th planet

Down

1. The first African-American woman to travel into space
2. _____ Resonance Imaging
3. Also known as a caveman
4. The first "apple" scientist
7. Process that creates the oxygen we breathe
9. Study of the atmosphere
15. Lightning is a type of this
17. Study of itty bitty life forms
19. A fundamental or universal force
21. Frogs are but snakes aren't
23. A pioneer in radiology
27. The Big Dipper is actually part of this constellation
29. Her work helped us understand DNA, RNA and more
31. Self-contained underwater breathing apparatus
32. Not your average science guy
34. Mathematical study of space
36. Dinosaur with 3 horns on it's head
37. Known for evolutionary biology
38. Not animal life
40. Inventory of the AC motor
